ONE Tape: **TWO** Channels!
NO LENS NEEDED!
Snaps into Place!

INNOVISION™

The All-In-One, No-Lens-Needed
LED Tape AND Channel Lighting Solution

Unique **corner mount** and standard **flat mount** channels have **smooth, visually clean** features that **easily blend into environments**. Low glare illumination is **perfect for direct view locations**. Innovision is small enough to be hidden and **easily installed** in tight spaces for indirect illumination.

ONE LED Tape...
TWO Channel Options!

Innovision Features:

- LED jacket snaps directly into channel for easy and clean installation
- Curved white silicone form provides wide distribution
- SMD LEDs provide good dimming
- Choose corner mount or flat mount
- Small profile fits:
  Corner Mount 0.6" x 0.6"
  Flat Mount 0.83"W x 0.46"H
- 16'4" max run
- 0.25" cut increment for white
- 2" cut increment for RGBW, TW
- IP66 rated for wet locations
- 24V, 3W/ft
- 3000K = 220lm/ft
- Single color: 27K, 30K, 35K, 40K with tight LED pitch
- White CRI > 90+
- Tunable White: 2000K-6000K
- RGBW: White = 3000K
- Temperature Range: -13°F to 104°F

Easy Installation:

Start with factory custom cut Innovision tape. Cut channel to fit. Mount channels with screws or VHB tape.
Snap Innovision tape into channel.

Done! No lens. No connectors. Less labor and parts.

Flat Channel Mount

Corner Channel Mount
